

## Northwestern Swim & Fitness - 2020

Our goal is to build a year-round community pool, open to the public, where kids and adults can learn to swim, exercise, play, relax, swim laps, start a swim team, learn lifesaving skills, become lifeguards and be safe in the water, equipped to enjoy it for life.

It will take everyone offering something to make this happen:

input of individuals and businesses,

support of charitable foundations and state agencies

technical engineering, building and architectural knowledge

knowing what we need for each group in the northwestern townships of Lehigh County

everyone giving a little.

See a photo concept idea below (Dyna Dome cellular polycarbonate cover).

Can you offer your expertise or ideas to help make this happen?

Consider a seed-money gift in honor of someone you know who could really use a pool. Support your nonprofit pool group!

Northwestern Swim & Fitness, Inc. online giving at [www.swimnw.org](http://www.swimnw.org)
