

**ZONING ORDINANCE
OF
WEISENBERG TOWNSHIP
LEHIGH COUNTY
1993**

INTRODUCTION

The Weisenberg Township Zoning Ordinance is a legal document which places restrictions on the use and development of land in the Township for the purpose of achieving an orderly land use pattern and for the protection of the public health, safety and general welfare. The Ordinance divides the Township into districts having different regulations relating to the use of buildings and land, setbacks from the road, area of lots, parking and loading requirements, and sign regulations.

This Ordinance has been developed by the Weisenberg Township Planning Commission and the Weisenberg Township Board of Supervisors in conjunction with the planning directives set forth in The 1991 Comprehensive Plan.

The regulations in this Ordinance are not retroactive. They apply only to new development or changes proposed for old development. Existing businesses and industry can continue to operate and ownership can be transferred regardless of the zoning district in which it is located. In addition, owners of lots which are smaller than the minimum requirements specified in the Ordinance can build on them as specifically provided for in the Ordinance. Lots created after the adoption of the Ordinance, however, must be in conformity with its requirements.

It is recognized that the Zoning Ordinance cannot satisfy the needs and individual interests of every citizen in the Township. This is not its intent. The Zoning Ordinance is designed for the public welfare based upon a set of facts, objectives, and analyses described in The 1991 Comprehensive Plan. As circumstances change, certain of these facts and analyses may require reconsideration. This Zoning Ordinance #93-5 adopted by the Board of Supervisors on the 20th day of May 1993 has been amended by the Board of Supervisors by Ordinance #93-6 adopted on the 1st day of July 1993, Ordinance #93-9 adopted on the 4th day of November 1993, Ordinance #94-1 adopted on the 5th day of May 1994, Ordinance #96-2 adopted on the 10th day of July 1996, Ordinances #98-1, #98-2 and #98-3 adopted on the 5th day of February 1998, Ordinances #98-5 and #98-6 adopted on the 1st day of June 1998, Ordinance #98-7 adopted on the 15th day of July 1998, Ordinance #99-1 adopted on the 1st day of September 1999, Ordinances #01-1 and #01-4 adopted on the 8th day of January 2001, Ordinance #01-5 adopted on the 5th day of March 2001, Ordinance #03-01 adopted on the 10th day of February 2003, Ordinance #04-02 adopted on the 12th day of April 2004, Ordinance #05-04 adopted on the 11th day of July 2005, Ordinance #05-06 adopted on the 14th of November 2005, Ordinance #06-01 adopted on the 6th day of March 2006, Ordinance #06-02 adopted on the 12th day of June 2006, Ordinance #06-7 adopted on the 11th day of December 2006, Ordinance #07-2 adopted on the 9th day of April 2007, Ordinance #07-6 adopted on the 12th day of November 2007, Ordinance #08-02 adopted on the 14th day of July 2008, Ordinance #09-05 adopted on the 9th day of March 2009, Ordinance #10-1 adopted on the 11th day of January 2010,

Ordinance #10-4 adopted on the 14th day of June 2010, Ordinance #11-4 adopted on the 13th day of June 2011, Ordinance #13-4 adopted on the 12th day of August 2013 and Ordinance #16-1 adopted on the 8th day of February 2016. This Ordinance may be amended further should changed conditions warrant.

The Township Planning Commission is the official body designated to monitor future change and to make recommendations to the Township Supervisors. Accordingly, it is hoped that individual citizens will work with the Planning Commission in bringing new development possibilities in the Township to light and in suggesting improvements to this Ordinance and the overall Comprehensive Plan.
